## PCEI Gardening Intern

### **Internship position description:**

Do you have a green thumb? Maybe you want to develop one! The PCEI Gardening Intern will help to plant and maintain the various types of garden beds around the PCEI Nature Center. These include ideas around xeriscaping, natives, pollinators, and edibles. These gardens act as an example to the public as to what some of these types of gardens can look like as well as providing habitat and beauty to be enjoyed by all visitors to the nature center.

### **Responsibilities:**

- Assist in care and maintenance of the existing flowerbeds including planting, watering, weeding, and mulching.
- Help establish new beds.
- Develop educational materials surrounding the various garden types and plants to share with the public.
- 

### **Preferred (but not required) Qualifications:**

- Experience working with plants in a garden setting.
- Knowledge of regional native plants.
- Committed to serving the needs of the community and the environment.
- Works well independently and as part of a group.
- Excellent verbal and written communication skills.
- Experience and a willingness to work outdoors.

### **Schedule:**

This position is available throughout the summer and into the fall.

### **For more information:**

Randy Stevens, Implementation Coordinator, at 882-1444 or <rstevens@pcei.org>

*The Palouse-Clearwater Environmental Institute (PCEI) is a proactive grassroots organization working on regional conservation and environmental issues. Since 1986, we have worked to increase citizen involvement in decisions that affect their environment. Four program areas have been established to achieve this: Education, Watershed Restoration, Sustainable Living and AmeriCorps Placement.*
