PCEI AmeriCorps Program

The Palouse-Clearwater Environmental Institute AmeriCorps Program is looking for host sites to expand programming around Environmental Education, Restoration and Stewardship throughout the state of Idaho. This partnership allows host sites to expand programming and impact while meeting the needs of the community through direct service provided by AmeriCorps members.

Host Site Requirements & Responsibilities:

Complete AmeriCorps Sponsors Host Site Application	Ensure performance measure data is being tracked and reported
Have a designated site supervisor to provide guidance and support to members	Provide direct service programming that aligns with the PCEI AmeriCorps Program Performance Measures
Provide training and development opportunities to AmeriCorps members	Pay host site fee as determined by the PCEI AmeriCorps Program
Develop a recruitment plan and actively recruit AmeriCorps members from your community	Attend site supervisor trainings provided by the PCEI AmeriCorps Program
Create a member position description with PCEI AmeriCorps	Have open & frequent communication w/PCEI AmeriCorps & AmeriCorps member

Host Sites are not hiring an employee.

AmeriCorps members are eager to serve, learn and gain experience. Host Sites are instrumental in preparing members to enter the workforce through soft skill development, job specific training, professional development opportunities, guidance and support.
