

Palouse-Clearwater Environmental Institute

presents the
2015

Seasonal Wanderings Family Series

Check out our **FREE, FUN** and **ENTERTAINING**
family programs this summer!

May

So You Think You Can Move?

Thursday, May 28 • 6:30-8:00PM

Can you dance like a ground squirrel? Or buzz like a bee? We will use movement to explore different plants, animals, nature sounds, and more! Join PCEI intern, Gloria Mayorga, at the PCEI Nature Center and learn how to move like nature!

June

Insectigations

Thursday, June 18th • 6:30-8:00PM

There's nothing better than a summer "bug hunt!" Come on out to learn what makes an insect an insect and find some of the best places to spot them around the Nature Center. The WSU Entomology Graduate Students Association will join us to share some of their own specimens!

July

Mud Madness

Thursday, July 16th • 6:30-8:00PM

What is mud, anyway? Come out to the Nature Center to dig some holes, learn about soil, and cook up a masterpiece in our mud kitchen. Bring old clothes and shoes and prepare to get really dirty!

PCEI Nature Center
1040 Rodeo Drive

Suggested Donation: \$3 per person
